ANDREW LORD, *Adminiſtrator.*

A very extraordinary EDICT *of the* KING *of* PRUSSIA.

FREDERICK, by the grace of God, King of *Pruſſia*, &c. &c. to all preſent and to come, * HEALTH. The peace now enjoyed throughout our dominions, having afforded us leiſure to apply ourſelves to the regulation of commerce, the improvement of our finances, and at the ſame time the eaſing our *Domeſtic Subjects* in their taxes: For theſe cauſes, and other good conſiderations us thereunto moving, we hereby make known, that after having deliberated upon theſe affairs in our council, preſent our dear brothers, and other great officers of the ſtate, members of the ſame, WE, of our certain knowledge, full power and authority royal, have made and iſſued this preſent edict, viz.

WHEREAS it is well known to all the world, that the firſt German Settlements made in the Iſland of *Britain*, were by colonies of people, ſubjects to our renowned ducal anceſtors, and drawn from *their* dominions, under the conduct of *Hengiſt*, *Horſa*, *Hella*, *Uſa*, *Cerdicus*, *Ida*, and others; and that the ſaid colonies have flouriſhed under the protection of our auguſt houſe, for ages paſt, have never been *emancipated* therefrom, and yet have hitherto yielded little profit to the ſame. And whereas we ourſelf have in the laſt war fought for and defended the ſaid colonies againſt the power of *France*, and thereby enabled them to make conqueſts from the ſaid power in *America*, for which we have not yet received adequate compenſation. And whereas it is juſt and expedient that a revenue ſhould be raiſed from the ſaid colonies in *Britain* towards our indemnification; and that thoſe who are deſcendants of our ancient ſubjects, and thence ſtill owe us due obedience, ſhould contribute to the repleniſhing of our royal coffers, as they muſt have done had their anceſtors remained in the territories now to us appertaining: WE do therefore hereby ordain and command, that from and after the date of theſe preſents, there ſhall be levied and paid to our officers of the cuſtoms, on all goods, wares and merchandizes, and on all grain and other produce of the earth exported from the ſaid Iſland of *Britain*, and on all goods of whatſoever kind imported into the ſame, a *duty* of *four and an half* per cent. *ad valorem*, for the uſe of us and our ſucceſſors.—And that the ſaid duty may more effectually be collected, we do hereby ordain, that all ſhips or veſſels bound from *Great Britain* to any other part of the world, or from any other part of the world, to *Great Britain*, ſhall in their reſpective voyages touch at our port of KONINGSBERG, there to be unladed, ſearched, and charged with the ſaid duties.

AND WHEREAS there have been from time to time diſcovered in the ſaid Iſland of *Great Britain* by our coloniſts there, many mines or beds of Iron Stone; and ſundry ſubjects of our antient dominion, ſkilful in converting the ſaid ſtone into metal, have in times paſt tranſported themſelves thither, carrying with them and communicating that art; and the inhabitants of the ſaid Iſland, *preſuming* that they had a natural right to make the beſt uſe they could of the natural productions of their country for their own benefit, have not only built furnaces for ſmelting the ſaid ſtone into Iron, but have erected plating forges, ſlitting mills, and ſteel furnaces, for the more convenient manufacturing of the ſame, thereby endangering a diminution of the ſaid manufacture in our antient dominion. WE *do therefore* hereby farther ordain, that from and after the date hereof, no mill or other engine for ſlitting or rolling of Iron, or any plating forge to work with a tile hammer, or any furnace for making ſteel, ſhall be erected or continued in the ſaid Iſland of *Great Britain*. And the Lord Lieutenant of every county in the Iſland is hereby commanded, on information of any ſuch erection within his county, to order, and by force to cauſe, the ſame to be abated and deſtroyed, as he ſhall anſwer the neglect thereof to us at his peril.—But we are nevertheleſs graciouſly pleaſed to permit the

* *A tous preſens & à venir.* Orig.

inhabitants of the said Island to transport their Iron into *Prussia*, there to be manufactured, and to them returned, they paying our Prussia subjects for the workmanship, with all the costs of commission, freight and risque coming and returning, any thing herein contained to the contrary notwithstanding.

We do not however think fit to extend this our indulgence to the article of *Wool*, but meaning to encourage not only the manufacturing of woollen cloth, but also the raising of wool in our antient dominions, and to prevent *both*, as much as may be, in our said island, We do hereby absolutely forbid the transportation of Wool from thence, even from the Mother-Country *Prussia*; and that those islanders may be farther and more effectually restrained in making any advantage of their own wool, in the way of manufacture, We command that none shall be carried *out of one county into another*, nor shall any Worsted Bay, or Woollen Yarn, Cloth, Says, Bays, Kerseys, Serges, Frizes, Druggets, Cloth Serges, Shalloons, or any other Drapery Stuffs, or Woollen manufactures whatsoever, made up or mixt with wool in any of the said counties, be carried into any other county, or be water-borne even across the smallest river or creek, on penalty of forfeiture of the same, together with the boats, carriages, horses, &c. that shall be employed in removing them.—*Nevertheless*, our loving subjects there, are hereby permitted (if they think proper) to use all their wool as *manure for the improvement of their lands.*

AND WHEREAS the art and mystery of making *Hats* hath arrived at great perfection in *Prussia*, and the making of Hats by our remote subjects ought to be as much as possible restrained. And forasmuch as the Islanders before-mentioned, being in possession of Wool, Beaver, and other Furs, have *presumptuously* conceived they had a right to make some advantage thereof, by manufacturing the same into hats, to the prejudice of our domestic manufacture, We do therefore hereby strictly command and ordain, that no Hats or Felts whatsoever, dyed or undyed, finished or unfinished, shall be landed or put into or upon any vessel, cart, carriage, or horses, to be transported or conveyed *out of one county*, in the said island *into another county*, or to *any other place whatsoever*, by any person or persons whatsoever, on pain of forfeiting the same, with a penalty of *Five hundred pounds* sterling for every offence. Nor shall any Hat-maker in any of the said counties, employ more than two Apprentices, on penalty of *five pounds* sterling per month: We intending hereby that such Hat-makers, being so restrained, both in the production and sale of their commodity, may find no advantage in continuing their business.—But, lest the said Islanders should suffer inconveniency, by the want of Hats, We are further graciously pleased to permit them to send their Beaver Furs to *Prussia*; and We also permit Hats made thereof to be exported from *Prussia* to *Britain*, the people thus favoured to pay all costs and charges of manufacturing, interest, commission to our Merchants, insurance and freight going and returning, as in the case of Iron.

AND LASTLY, Being willing farther to favour our said colonies in *Britain*, We do hereby ordain and command, that all the Thieves, Highway and Street-Robbers, Housebreakers, Forgerers, Murderers, So——tes, and Villains of every denomination, who have forfeited their lives to the law in *Prussia*, but whom We, in Our great Clemency, do not think fit here to hang, shall be emptied out of our goals into the said Island of *Great-Britain, for the* BETTER PEOPLING *of that country.*

WE flatter ourselves that these Our Royal Regulations and Commands, will be thought *just* and *reasonable*, by our much-favoured Colonists in *England*, the said resolutions being copied from their own statutes of 10 and 11 Will. III. C. 10.—5 Geo. II. C. 22, 23 Geo. II. C. 29.—4 Geo. I. C. 11, and from other equitable laws made by their parliaments, or from instructions given by their Princes, or from resolutions of both Houses entered into for the GOOD *government* of their own Colonies in *Ireland* and *America*.

And all persons in the said Island are hereby cautioned not to oppose in any wise the execution of this our Edict, or any part thereof, such opposition being *high Treason*, of which all who are *suspected* shall be transported in fetters from *Britain* to *Prussia*, there to be executed according to the *Prussian Law*.

Given at *Potsdam* this twenty-fifth day of the month of August, One Thousand Seven Hundred and Seventy-three and in the Thirty-third Year of our Reign.

By the KING in his Council.

RECHTMESSIG, *Secretary.*

LAST Monday Robert Dalway Haliday, Esq; was sworn in, and entered upon the Duties of, his Office, as Collector of His Majesty's Customs for this Port—in which, we are informed, that Gentleman has determined to follow the Example of the late Hon. Hector Berenger de Beaufain, whose *Like* is not every Day to be met with—and whose Name will live amongst us, longer than the Marble Monument will last, which was put up in St. Philip's Church in the Year 1767, bearing the following Inscription:

In the Cœmetery of this Church
Lie the Remains
Of
HECTOR BERENGER DE BEAUFAIN, Esq;
Born at Orange in France in the Year of our Lord 1697. He came from London to South Carolina in 1735, where he resided the Remainder of his Life:—In 1742, he was appointed Collector of His Majesty's Customs; and in 1747, a Member of His Majesty's Council for this Province.
He died October 15, 1766,
Deservedly regretted;
A Man
Of unshaken Integrity in the Discharge of his public Trust;
Never relaxed to the Prejudice of the Revenue,
Never rigorously enforced to the Oppression of the Innocent:
Of most benevolent Humanity;
Always ready to relieve the distressed,
Without Ostentation.
Of humblest Manners, tho' possessed of eminent Talents;
Master of the Learned Languages,
Tho' a Foreigner, a profound Critic in the English Tongue.
Tho' humble, inflexibly adhering to the Rules
Of Justice, Honour, & Politeness;
Complacent in his Behaviour to all.
Thus meriting, he thus acquired
Universal Esteem.
His Fellow-Citizens of this Province,
So many Years the Witnesses and Admirers
Of his Virtues, uniformly practised thro' Life,
Have erected this Monument,
Sacred to the Memory
Of his Merit, and their Love.

By the Honourable WILLIAM BULL, *Esquire, Lieutenant-Governor and Commander in Chief, in and over the said Province.*

A PROCLAMATION.

WHEREAS, I have received Information, on the Oaths of sundry Persons, that the Murrain, which some Years ago raged with great Mortality amongst the Neat Cattle in this Province, has lately appeared, particularly among sundry Cattle which were driven from Ranges situated between Broad and Saludy Rivers, and Long Canes, which have been brought to *Charles-Town*; some whereof have been killed and brought to Market, and were seized and destroyed by the Commissioners of the Market, according to Law in that Case made and provided; and others remain near the Quarter-House, daily dying thereof. AND WHEREAS, it is of great Consequence to the Inhabitants of this Province, to prevent as much as possible, the spreading of that destructive Distemper, by driving them from one Part of the Province to another; as well as to caution Persons from purchasing such Cattle, which will not only be lost by the Distemper, but propagate the Distemper to the sound Cattle: I DO therefore, by the Advice of his Majesty's Council, publish this Proclamation, TO GIVE NOTICE of the said Murrain; and I DO caution all Possessors of such infected Cattle, against driving their Cattle from the infected Range, as by such driving, they will spread the Infection without Benefit to themselves, to the great Damage of those through whose Herds of Cattle they pass, for which they will be answerable. AND I recommend that every Precaution and Measure, which Experience or Prudence shall dictate, may be taken to prevent the spreading this EVIL.

GIVEN under my Hand, and the Great Seal of the the said Province, this Thirteenth *Day of* November, 1773, *and in the Fourteenth Year of His Majesty's Reign.*

WILLIAM BULL.

By His Honour's Command,
